The Honorable Bonnie Rich  
Georgia General Assembly  
402 Coverdell Legislative Office Building  
Atlanta, GA 30334

Dear Representative Rich:

The Georgia Academy of Family Physicians is pleased to inform you that you have been selected as our 2020 Family Medicine Legislative Champion of the Year.

This is a gesture of our appreciation for your efforts to assist family physicians and our patients in Georgia. Your commitment to supporting the passage of legislation that has increased the age of sale for tobacco and vaping products to 21 and regulating the sales of vaping products is commendable. A generation of Georgia's children will be healthier because of you. Senator Mullis will also be receiving the award as our State Senate Legislative Champion as well.

It would be our honor to personally bestow this award to you either at one of our upcoming leadership meetings or perhaps at an event in your district. Please note below your preference and our Executive Vice President, Fay Fulton will be in touch and follow up based on your preferences. GAFP staff will coordinate with the House Press Office to coordinate a press release.

Thank you for your dedicated public service and all that you do to help family physicians keep Georgia healthy.

Sincerely,

Jeff Stone, MD, MHA, MBA, FAAFP - President
